We need your help!

Stow CLT is on the point of acquiring the land for its first development – but we need volunteers to help us achieve our aim of providing truly affordable housing for the people of Stow on the Wold.

We urgently need you if you have skills in the following sectors:

Fundraising/Grant applications - Applying for grant funding to CDC, GCC, GRCC and others as it is anticipated that Stow CLT will need to cover legal, architectural design, planning application and archaeological survey costs.

Public Relations - Managing publicity and community engagement, including raising our public profile and supporting our planning application.

Building Design - Overseeing the design process and approving architectural drawings for the planning application.

Future Management of the CLT – A smooth handover to new management will be needed once this scheme is completed.

If you feel you can assist us, please contact David Germaney on 07880 694498.
